SATURDAY, AUGUST 10, 1872.

FOR PRESIDENT:

HORACE GREELEY,

OF NEW YORK.

For Vice-President:

BENJAMIN GRATZ BROWN,

OF MISSOURI.

New York is fond of fruit, and has paid \$2,100,000 for it.

The Paducah and Memphis and Eliza

betowns and Paducah Roads are about

to erect a Union Depot in the latter city.

An exchange speaks of "the political

plan of salvation." We pity the

country that anchors its hopes on that plan.

A Democratic State Convention is

called to meet in Nashville on Wednes-

day, August 21, to nominate a candidate

for Congress for the State at large.

Fifty millions of paper dollars and

currency made annually in Troy, N. Y.,

and seventeen thousand people are em-

ployed in doing it.

One third of the Texas cattle which

went into winter quarters in Kansas

have already been lost by straying away

or by death.

The millionth yard of cloth was turned

out at the Nashville cotton mill Tuesday

of a fraction over five hundred and sixty

eight miles. Two thousand yards per

day are now manufactured.

The State Teachers' Association will

convene in Frankfort next Monday,

August 12, and continue in session five

days. It is now known that there will

be a very large number of eminent

teachers and educators from this and

other States in attendance.

The bureau of education have sent

blanks to all the jails, prisons and peni-

tentiaries in the United States, asking

for statistical information in relation to

education and crime, which will be com-

ed up into an interesting volume to be

published by the bureau for general in-

formation.

One of our townsmen dreamed that

his little child would be attacked and

killed by some of the ferocious lions that

roam the streets of Troy. He took every

precaution to prevent such a calamity,

but, precisely five weeks and two days

after the dream, the little child took the

measles, and recovered in three days!

Troy Times.

A "Wall Street Man" writes to the

Cincinnati Commercial that it is a mistake

to suppose that Wall Street is opposed

to Greeley. He says that Commodore

Vanderbilt, the heaviest operator in the

street, goes for Greeley, and so does

Daniel Drew, the great Methodist spec-

ulator, and so does Anthony Dimock, the

great steamship owner, and the holder

of all the young operators on the Stock

Exchange; and so to Davenport and Van

Schoick, and hundreds of other bulls

and bears.

The Cincinnati Commercial says a few

things like this. "Now that Greeley

has gone over to the enemy," of

course he never was any account—he

was quite as worthless, indeed, as Salmon

P. Chase, Horace Greeley, Lyman Trum-

bull, Carl Schurz or Charles Sumner.

O. P. Morton, Benjamin F. Butler, and

Simon Cameron are the real patterns of great-

ness, and true deliverers of sound doc-

trine.

According to the Grant journals,

Schurz, Sumner, Trumbull, A. T. Stew-

art, Pleasanton, Banks, Greeley, Grant,

Brown, Fenton, Blair, Michigan, Tip-

ton, and others, formerly Republicans,

Ballot Voting.

Each receiving local election in Ken-

tucky being actively before our people

the inequality and unfairness to aspirants

of our viva voce voting. There is a

large proportion of our population who

are decidedly in favor of the ballot sys-

tem in local election, and if ever a State

Constitutional Convention is assembled

in Kentucky, this change will enter

largely into its considerations. Federal

law compels the election of Presidential

electors and Congressmen—the elections

of political significance—by ballot; and

a change now would only affect local

State elections. The press of the State

is just now too much engaged in Presi-

dential politics, but at some future time

the advantages of a change will be dis-

cussed.

N. B.—We find that the Federal law

does not apply to the election of Presi-

dential electors.

North Carolina.

The North Carolina election seems

practically decided in favor of Caldwell

and the Radical State ticket. On the

other hand, we have secured a majority

in the Legislature, and therefore another

United States Senator to succeed Pool,

one of the most rabid and virulent of

the men who have misrepresented the

South in Congress since the war. Alto-

gether it is a drawn game thus far; the

honors are even; and we believe we

hold the trump cards to secure unequiv-

ocal victory in November. It is possible,

however, that enough frauds will develop

themselves to warrant a contest before

the Legislature. This being the case,

and the charges borne out by proof,

Merrimon's return is of course certain.

We have yet to await a full and

official returns, and what the judges at

the polls have to say of the fairness of it

all—C. J.

ELECTION DAY.—The elections Mon-

day last, in Hickman, passed off with-

out any serious affairs, nevertheless there

was an unusual degree of excitement,

dissemination, and disturbance of the pub-

lic quiet. A portion of the colored

voters were especially noisy and fussy.

Heretofore, this class of our population

have behaved themselves remarkably

well on election occasions, and in so

doing won the commendation of the

white people. We regret that their con-

duct Monday forfeited this reputation,

and necessitated the interference of the

strong arm of the law. The more sober,

steady, and intelligent colored men, be-

lieve it to their credit, exerted themselves

to secure order and good behavior. We

hope their good counsels may prevail in

the future. Those of our colored voters

who are disposed to do right, and to be

have respectably, will be encouraged and

benefited by the white people, but such

conduct as was exhibited Monday is

shameful beyond toleration.

Candidates for Congress.

Col. Ed. Crossland, and Mr. John

Martin, Sr. candidates for Congress in

this District, will discuss the political

issue of the day, next Monday, at the

Court House. Speaking to commence

War on the Greeley Republi-

cans.

As soon as Senator Schurz took open

ground for Greeley the Grant press com-

menced abusing him with coarse epithets.

Here is a specimen from the Chicago

Journal:

"Schurz came to this country a brand-

ed outcast from his native land. He

came here, not to preserve his liberty,

but to save his land. Here he found a

The Iron Mountain Branch to Hickman.

A private letter from Nashville, ad-

vises us, that President Cole, authorizes

the publication in the Hickman COURIER,

that the management of the Nashville

and Chattanooga and Nashville and

Northwestern Railroads, are "entirely in

favor of aiding in building the extension

of the Nashville road, direct, from Hick-

man to Charleston, Mo., and that the

management was now in correspondence

with Mr. Allen, President of the Iron

Mountain road, on the subject.

We sincerely trust that the Manage-

ment mean business now, and we believe

they do, if their views are sustained by

the Nashville and Chattanooga Board of

Directors, which is to assemble in Nash-

ville, on the 12th inst.

The necessity of the extension, both

to our roads and to the Iron Mountain,

is growing more and more apparent every

day. These roads are actually depend-

ent upon each other—probably 90 per

cent of the freight of the Iron Moun-

tain finding the best and most convenient

outlet over the Nashville and Northwes-

tern, and that they should long rest con-

tained without direct connection, paying

heavy toll to an intermediate time, is un-

reasonable. The profits that the Iron

Mountain, and Northwestern, would save

in this feature, alone, would be immense,

if they were directly connected.

In addition, the extension direct from

Hickman via an intersection at or near

Charleston, would save at least 14 miles

in the distance from Nashville to Sta-

tion. With railroads, we are told, time

and distance is money, and this is es-

pecially obvious to us, since the Hen-

derson route is pressing us so closely.

An actual survey, if ever made, will

demonstrate beyond doubt, that the above

distance will be saved, if the extension

is made from Hickman via Charleston.

We are satisfied that if the actual facts

could be properly brought before the

road authorities, that an extension by

no other route, would be thought of.

But the Nashville and Chattanooga

Management propose only to aid in

building the proposed extension. It

thinks the Iron Mountain road, the town

of Hickman, and the portion of Miss-

ouri, along the line should help. What

amount of help from each is expected,

we know not, but probably they will

make definite propositions after the 12th

inst., if the project is not delayed or

killed by the Nashville and Chattanooga

Board.

Neither do we know what the Iron

Mountain management can or will do.

That road has already a Southern con-

nection with the Mobile and Ohio road,

at Columbus, but railroad men say, that

its very existence depends upon a con-

nection with the Nashville and North-

western. If this be true, then its cheap-

est, nearest and best connection, is the

extension via Hickman and Charleston.

This is demonstrable.

We do know that the people of the

town of Hickman, and of Mississippi

county, Mo., along the proposed line,

feel a deep and most lively interest in

the enterprise, and will contribute lib-

erally help.

We think it would be wise if Hick-

man could send a representative to Nash-

ville at the meeting of the Nashville

and Chattanooga Directory. Will our

Council consider the matter.

Fulton—Official Vote.

Greeley and the German News-papers.

Some of the German organs have had

a great deal to say about German news-

papers opposing Greeley. Dr. F. C. Brann,

editor of the Buffalo (German) Democ-

rat has carefully prepared a list of the

entire German American press and the

present political position of each paper.

From this list it appears that of the fifty

five German dailies published thirty sup-

port Greeley and Brown; sixteen sup-

port Greeley; three are for Grant; two

oppose both tickets, and ten are on the

fence. In other words, of the one hun-

ded and twenty nine German papers

above enumerated (comprising the entire

German press, with the possible exception

of several obscure weeklies) eighty-three

are for Greeley and Brown and only

twenty-eight for Grant and Wilson. The

proportion is three for Greeley to one

for Grant. Never before was the Ger-

man element of this country so nearly

unanimous in a political campaign as

now on behalf of Greeley.

Arkansas and Texas.

Arkansas and Texas are twin sisters in

distress. They are just about this time

terribly tormented by the government

officials, who, finding that they cannot

wear their afflictions by legitimate

means, have commenced a system of in-

tolerable persecution to compel them to

the desired end.

The governor of Arkansas appears de-

termined to declare martial law in Pope

county, while he issues proclamations

acknowledging the murders and rob-

beries committed upon peaceable citizens

THE Fulton Fair is to be held Sept. 24, 25, 26, 27 and 28th. of this year.

THE Fulton Circuit Court convenes next Monday.

PREPARATIONS are making for paving the whole of Water Street.

IDA GREENEY is eighteen years old, and Nellie Grant is seventeen.

The market is overflowing with peaches.

THE Columbus Dispatch, offers to furnish that paper to subscribers, payable when GREENEY is elected President.

JNO. MILLS is the Attorney General elect of the Union City Judicial District. He is a young lawyer of good promise.

COLUMBUS, Ky., is determined to be a city. The Dispatch reported a case of sun stroke last week.

THERE are six persons now in our county jail, awaiting trial for offences against the peace and dignity of the Commonwealth.

JNO. W. MAYES, of Hickman, proposes to show the largest harvest in Fulton, at our county Fair, this fall. He challenges the whole county.

FROM a gentleman just from Calloway County we learn in various portions of the county the long wet spell has done the tobacco to "franchising" badly.

What is coming into market in large quantities. Our buyers now ship in bulk from here direct to St. Louis, without rebalancing.

BILL PLUMMER is tearing down his lower livery stable, on Kentucky street. What a beautiful site for a fine first class hotel?

A man by the name of Buchanan has been lodged in jail at Fort, charged with having robbed the Masonic Lodge at Mt. Olive, District No. 3.

THE Huntington Republican says the Sunday School excursionists enjoyed themselves hugely, and compliments highly, Hickman, her citizens, music, etc.

CITIZENS of Charleston, Mo., we understand, are making some movements, in favor of the extension of the Iron Mountain road to Hickman. We shall see if it is so.

The building of Plant & McCutcheon's large new warehouse is now progressing well, and will be completed, ready for fall use.

There was a big barbecue at Brooklyn Barnett's, near Feliciano, last Friday. The candidates for Congress made speeches.

The full vote of Fulton county is now something over 1400. The vote of last Monday, is therefore, near 600 short. The Hickman precinct can pole 600, but only polled 408 Monday.

The parties who attacked Mr. John Hoffman and abused his family, near Woodland Mills, are severely condemned by all right thinking people. Such outrages should be severely punished.

MR. GUS RICE, of the New York Store, last Tuesday, for an extended trip to the Eastern cities, and while absent will buy his fall and winter stock. This house is now selling summer goods at cost.

DEATH OF AN OLD CITIZEN.—Mr. John D. Henry, the oldest resident of Fulton County, died at his residence in this county, Friday last, at the age of 77 years, and moved to this county in 1829.

A CHARTER, for the organization of a lodge of Sons of Temperance at this place has been applied for. The petition was unanimously signed, and there is no doubt but that the organization will be effected.

MRS. TOM PRATHER, nee Miss Lucy Cross, died, near Woodland Mills, Friday last. She was a sweet and lovely young wife and mother, and the heart of sincere condolence goes out to her husband in his sad bereavement.

JUDGE E. I. DUBOIS, one of the commissioners appointed to revise the statutes of Kentucky, thinks that three months will yet be required to complete the work of revising the statutes. The commissioners hope to have them prepared in bill form, ready for the action of the Legislature at its coming session.

CITY MARSHAL.—The election for City Marshal, Monday last, resulted in the election of Mr. Wm. T. Lineback by a majority of 14, over his next competitor, Mr. John W. Cole. There was 173 votes polled—48 less than the full vote of the city. We think the Marshal elect will make an excellent police officer. The defeated aspirants have our best wishes.

SUNDAY SCHOOL EXCURSIONISTS.

Saturday last, the Sunday Schools of Huntington, McKenzie, and other intermediate points on the line of the Northwestern road, to the number of some four or five hundred, paid a friendly visit to the Sunday Schools of Hickman. The excursionists arrived in Hickman about 12 M., and were met at the depot by the Hickman schools, accompanied by the Hickman Cornet Band, and escorted to the Court House yard where a brief welcoming address was made by Capt. C. L. Randle, and responded to on the part of the excursionists by Judge Hawkins, of Huntington. The remainder of the evening was spent in general mirth and enjoyment, and listening to some excellent pieces of music by the Hickman Cornet Band. The Huntington and McKenzie schools, were accompanied each, by the Bands of their places, and we only regret that they gave us "too little" of their music. The basket dinner, spread upon the green grass under the cool shade, was bountiful and highly enjoyed by all. The welcome upon the part of Hickman to her Tennessee visitors was sincere and hearty, and the interchange of courtesies between one and all, was highly pleasing, and we hope will result in lasting good will and affection. We say to the excursionists, come again—only next time, give us no notice, that we may prepare for your reception, and make your visit the more pleasant.

10,000 Acres.

W. M. Wilson, of Ohio county, writes that he will give ten thousand acres of land to aid in building the levee from Hickman to the highlands of Madrid Bend. This is liberal.

DEATH OF AN OLD CITIZEN.

John D. Henry, one of our oldest citizens, died on the 2nd inst., in the 77th year of his age. He was born in Monongahela county, Virginia, December 28, 1795, came to Kentucky in 1817, and settled in Gallatin county, and there lived until 1829, when he moved to this county. (then Hickman). He was a soldier in the war of 1812. He possessed a vigorous mind, ardent in his feelings, and zealous in all his purposes. Like most men of his temperament, he had his faults, but they were neutralized by his many good traits. His neighbors generally and social disposition were marked and distinct. His occupation was farming, and he believed died on the farm which he purchased soon after his coming to this part of the State. His accumulations in the way of wealth, amounted to nothing more than a competency for his old age. He lost his wife many years ago. Had seven children, four of whom are living. Venerable in years and having served his country in war, and reared his family by tilling his farm, and seeing his children that are living settled and rearing up another generation, he has passed away, but not forgotten by those who knew him.

FOUR year old Bourbon and Robinson County Whiskies.

POWELL & BRO.

We learn that our county jailer has some reasons for apprehending an attack from a party of men, whose intentions are to release two prisoners now confined in jail. In consequence of this information an extra guard has been placed upon duty and we apprehend unless the assailants are overwhelmingly strong, that they will meet a cold reception. The authorities, and law abiding citizens, are determined that the law shall be respected and enforced, and any dissatisfied spirits are kindly warned to stay at home.

Teachers Institute.

We are requested by Mr. Austin Tyler, Superintendent Public Instructions for Fulton county, to announce that the Fulton county Teachers Institute, will assemble, at Rural Academy, on the last Monday in August, and continue during the week. A full attendance is desired and expected.

Some of our mechanics are agitating the idea of organizing a Building Association.

The proposition is to obtain one hundred stockholders, composed of mechanics, business men, clerks, professional men, etc., who are to pay into the Association, \$5 a month for five years, and the money thus derived to be applied to building houses to be owned by the Association.

The business is to be managed by five responsible trustees, who are to direct the buildings, purchases, sales, etc., and wind the Association up at the end of five years, and divide between the stockholders.

The enterprise is a good one, and can be made successful, if our people will take hold of it. Prudently managed it will prove a safe and profitable investment.

THE MISSISSIPPI LEVEE AND RAILROAD.—Parties visiting Lake county since the recent election excitement, assert that the people of that section, are earnestly at work in the interest of the proposed levee and railroad. The Tennessee portion says, that the levee shall be built, unless Kentucky fails in her promises. Kentucky will do her part.

We understand that Dr. Paschall, of Fulton Station, in this county, has a cow which has twin heifer calves. The calves are only about nine months old, and yet give about a quart of milk a day each.

CRESCENT CITY, (OBION COUNTY) TENN.—This is the name of a new town,

located in Obion county, on the North side of Obion river, near Palestine, on the Paducah and Memphis Railroad. This location has a large scope of fertile country to back it, and must necessarily become a good trading point. A correspondent says:

"There will be a large saw and planing mill put in operation in a few days—and a flouring mill to be erected very soon. Business houses of various kinds (as fast as the lumber can be sawed), will occupy the ground where the green timber now grows. The very first move was made less than a month ago. The railroad company are clearing off the right of way—preparing to pile the river bridge, etc., while the people, no few in number, are pressing upon us to survey the town, so they will not have to move their houses off of the streets. The town is planned. The engineer will lay out a strip of five days after to-morrow the excitement is high in regard to what will get the first house up. I think there will be fifty houses erected before the 1st of January, 73. Now, Mr. Warren, there is one thing I wish you to consider in speaking of the new town—that is this: The point of trade will be of sufficient importance to induce capitalists to invest their money in its midst—a thing which will enable the corporation in a short time, to render material aid in the construction of a Railroad from your city to the mouth of the river. The interior of the Southern States, this will be done as soon as the Iron Mountain road comes to Hickman. Then let us all work together, to accomplish this great end. I don't know what you will think of this new city—in the woods—raising money to build a Railroad—but such things have been, and this is the most progressive age in which any people ever lived. There is one thing certain, there shall be nothing looking upon our part. Any enterprising citizen desiring a location can fix their own terms so far as lots are concerned. More anon. W."

HAIR DRESSING AND HAIR MANUFACTURING.—Caroline Dyer, announces to the public, that she has opened a hair dressing and manufacturing establishment, in the Dr. Hubbard house, Jackson Street, and is prepared to manufacture ladies' braids, curls, finger puffs, etc., or to redress the hair. She especially claims "bonnets," which she can manufacture from "bonnets." She has been taught under an experienced French hair dresser, and promises if her work does not give entire satisfaction to make no charge.

THE Hickman Minstrel troupe are to give a concert at City Hall, next Thursday night. They announce an entirely new programme. The object of the troupe is a laudable one, and we beg as many of our people as possible to remember the night, and attend.

WHEAT.—The wheat market is "abeyant," and drooping, for all except first grades. A good article commands \$1.25. Inferior grades from 75c to \$1.00.

A SLY STEAL.—Thursday last, Mr. Wm. Frenz, son of Jacob Frenz, together with a party of other young men, went a fishing. This of itself is no very great event, but a colored man, knowing of his absence, took advantage of the occasion, and went to his father's residence in East Hickman, and told Mrs. Frenz, his mother, that "Master William had fallen into the creek and got his clothes all wet, and wanted a dry suit." Mrs. Frenz, not doubting a moment the truth of the story, hurriedly bundled up one of his best suits, and sent them by the negro. The negro has not since been heard from. The whole story was of course a mere fabrication.

HAIR DRESSING AND HAIR MANUFACTURING.—Caroline Dyer, announces to the public, that she has opened a hair dressing and manufacturing establishment, in the Dr. Hubbard house, Jackson Street, and is prepared to manufacture ladies' braids, curls, finger puffs, etc., or to redress the hair. She especially claims "bonnets," which she can manufacture from "bonnets." She has been taught under an experienced French hair dresser, and promises if her work does not give entire satisfaction to make no charge.

THE Hickman Minstrel troupe are to give a concert at City Hall, next Thursday night. They announce an entirely new programme. The object of the troupe is a laudable one, and we beg as many of our people as possible to remember the night, and attend.

SPECIAL NOTICES.

ALASKA.—Where on this globe can we go beyond the omnipresent Yankee? Landing at Sitka, we had walked but a short distance into the town when we reached the north-east depot of Dr. Ayer's medicines in full display among the huts, shanties and courts of these forest tribes. There the familiar, like names of his Cherry Pectoral, Pile Cure, etc., salute us from the exterior and the interior of a store which shows more business than its neighbors, and proves that these simple but sure remedies are even more necessary to savage life than to ourselves where they visit every freeman. (Correspondent Alaska Journal.)

EXTRA SPECIAL NOTICE.

Beware of Counterfeits! Smith Tonic Syrup has been counterfeited, and the counterfeiter brought to grief.

SMITH'S TONIC SYRUP.

The genuine article must be Dr. John Bull's private recipe on each bottle. Dr. John Bull only has the right to manufacture and sell the original John Smith's Tonic Syrup. Examine well the label on each bottle. If my price chase is not on the bottle, do not purchase. A genuine advertisement, and my show card, will present any one infringing on my rights. The public is warned. The Tonic Syrup and only be prepared by myself.
